General Instructions

Section 25 permits issuers that have authority to issue qualified mortgage bonds (as defined in section 143) to elect to issue MCCs in lieu of qualified mortgage bonds.

Purpose of Form

Form 8330 is used by issuers (states and political subdivisions) of MCCs to provide the IRS with information required by section 25 and Regulations section 1.25-8T(b).

Who Must File

Each issuer that elected to issue MCCs must file Form 8330 for each qualified mortgage credit certificate program.

When To File

File Form 8330 on a quarterly basis beginning with the quarter in which the election was made.

The return for each MCC program is due as follows:

For the quarter ending:	Form 8330 is due by:
March 31	April 30
June 30	July 31
September 30	October 31
December 31	January 31

The IRS may grant an extension of time to file Form 8330 if there is reasonable cause for not filing on time.

Last Form 8330 for a program.—In the quarter in which the last qualified MCC that may be issued under a program is in fact issued, the issuer should check the box marked "Yes" in Part I relating to a final return for this MCC program. Thereafter, the issuer is not required to file any subsequent reports with respect to that MCC program. See "qualified mortgage credit certificate program" in the definitions below.

Reissued MCCs.—DO NOT report a reissued MCC on Form 8330. A reissued MCC is considered to be a continuation of the original MCC. It is reported by the lender of the replacement loan on **Form 8329**, Lender's Information Return for Mortgage Credit Certificates (MCCs).

Aggregate number of Forms 8330 filed per program.—Certificates under an MCC program may be issued for indebtedness that is incurred up to the close of the 2nd calendar year following the calendar year for which the issuing authority made the election to issue MCCs in lieu of qualified mortgage bonds. Thus, there may be as many as 12 consecutive quarterly reports to be filed by the issuer for a particular MCC program. See section 25(e)(3)(B).

Multiple Forms 8330 filed for a quarter.—More than one Form 8330 may be filed for a particular quarter for an issuer if the issuer had more than one MCC program in operation during a calendar quarter. This may occur where more than one election was made during a calendar year, or where certificates still remain to be issued under one MCC program, after an election has been made creating another program.

Where To File

File Form 8330 with the Internal Revenue Service Center, Philadelphia, PA 19255.

Penalty

Any person who is required to file Form 8330 and who does not file that return by the due date or does not include all the MCCs issued on a timely filed return is subject to a penalty. The penalty is \$200 for each MCC required to be reported on Form 8330. The maximum penalty is \$2,000.

Definitions

A "mortgage credit certificate" is a certificate issued under a "qualified mortgage credit certificate program" by the state or political subdivision having the authority to issue qualified mortgage bonds to provide financing for the acquisition, qualified rehabilitation, or qualified home improvement of a taxpayer's principal residence. For more information, see section 25(c)(1).

A "qualified mortgage credit certificate program" is a program established for any calendar year by a state or political subdivision that is authorized to issue qualified mortgage bonds under section 143 (and for which there has been an appropriate allocation of state volume cap for that calendar year under section 146), but elected instead to issue mortgage credit certificates. (See section 25(c)(2) for additional requirements.)

The "certified indebtedness amount" is the amount of indebtedness specified in the MCC and incurred by a taxpayer:

- a. To acquire his or her principal residence,
- b. To make qualified home improvements on that residence, or
- c. To make a qualified rehabilitation of that residence.

The "certificate credit rate" is the rate specified by the issuer on the MCC. However, the rate cannot be less than 10% nor more than 50%.

The "aggregate amount" (the certified indebtedness times the certificate credit rate for each MCC, totaled for all mortgage credit certificates issued under a single MCC program), may not exceed 25% of the nonissued bond amount for which the election not to issue bonds was made. See section 25(d)(2).

Specific Instructions

Part I—Reporting Authority

Election date.—Enter the date the issuer elected to issue MCCs in lieu of qualified mortgage bonds.

Nonissued bond amount.—Enter the total amount of qualified mortgage bonds (as defined in section 143(a)(1), and the related regulations) that the issuer has authority to issue but elected instead to convert into authority to issue MCCs. The amount of qualified mortgage bonds that an issuer elected not to issue may not exceed the issuer's applicable limit (as determined under section 146(d)).

Part II—Computation of the Total Amount of Mortgage Credit Certificates

List only the MCCs issued under the program elected for the nonissued bond amount shown in Part I. File a separate Form 8330 for each separate program that is still open.

Column (a).—Enter the certified indebtedness amount for each MCC issued under the qualified MCC program.

Column (b).—Enter the certificate credit rate associated with each MCC entered in column (a).

Column (c).—For each certificate amount listed in column (a), multiply by the certificate credit rate associated with that certificate (column (b)) and enter the result in column (c).

If additional space is needed, attach a separate sheet in the same format as lines 1 through 6 of Part II of this Form 8330. Include the total amount of the MCCs listed on the separate sheet(s) only on line 7 of the Form 8330. You may use an unsigned copy of a Form 8330 as the separate sheet.

Line 8.—Include the total amount of MCCs issued for all prior quarters under the MCC program elected for the nonissued bond amount shown in Part I, whether or not issued during the current calendar year.

Line 9.—Enter the aggregate, as of the end of the quarter, of amounts for all certificates issued for the MCC program elected for the nonissued bond amount shown in Part I.

Line 10.—If the amount on line 9 exceeds 25% of the nonissued bond amount shown in Part I, see section 25(f) and Regulations section 1.25-5T(d) for the appropriate calculation to reduce the following year's bond volume cap under section 146(d).

Part III—Revocation of Qualified Mortgage Credit Certificates

Identify each holder of a qualified MCC that was revoked during the calendar quarter. For more information, see Regulations section 1.25-3T(m).

Signature

Form 8330 must be signed by an authorized representative of the issuer.

Leave the paid preparer's space blank if the return was prepared by a regular employee of the issuer. Otherwise, anyone who is paid to prepare the return must sign it in the Paid Preparer's Use Only area.

The paid preparer must complete the required preparer information and:

- Sign the return, by hand, in the space provided for the preparer's signature (signature stamps and labels are not acceptable).
- Give a copy of the return to the issuer.
