How to ensure your deposit is credited to the correct account.

1. Make sure your name and EIN are correct;
2. Prepare only one coupon for each type of tax deposit;
3. Darken only one box for the type of tax you are depositing;
4. Darken only one box for the tax period for which you are making a deposit; and
5. Use separate FTD coupons for each return period.

Telephone number. We need your daytime telephone number to call if we have difficulty processing your deposit.

Miscellaneous. We use the "IRS USE ONLY" box to ensure proper crediting to your account. **Do not** darken this box when making a deposit.

How to make deposits. Mail or deliver the completed coupon with the appropriate payment for the amount of the deposit to an authorized depository (financial institution) for Federal taxes. Make checks or money orders payable to that depository. To help ensure proper crediting of your account, include your EIN, the type of tax (e.g., Form 940), and the tax period to which the payment applies on your check or money order.

Authorized depositories must accept cash, postal money orders drawn to the order of the depository, or checks or drafts drawn on and to the order of the depository. You can deposit taxes with a check drawn on another financial institution only if the depository is willing to accept that form of payment.

If you prefer, you may mail your coupon and payment to Financial Agent, Federal Tax Deposit Processing, P.O. Box 970030, St. Louis, MO 63197. Make check or money order payable to the United States Treasury.

Timeliness of deposits. The IRS determines whether deposits are on time by the date they are received by an authorized depository. However, a deposit received by the authorized depository after the due date will be considered timely if the taxpayer establishes that it was mailed in the United States at least 2 days before the due date.

Note: If you are required to deposit any taxes more than once a month, any deposit of \$20,000 or more must be made by its due date to be timely.

When to make deposits. See instructions for the returns. For deposit rules for employment taxes, see Circular E. You can get copies from most IRS offices or call 1-800-TAX-FORM, or visit the IRS website at www.irs.gov.

Penalties. You may be charged a penalty for not making deposits when due or in sufficient amounts, unless you have reasonable cause. This penalty may also apply if you mail or deliver Federal tax deposits to unauthorized institutions or IRS offices, rather than to authorized depositories. Additionally, a **trust fund recovery penalty** may be imposed on any responsible person, including any responsible employee, who willfully fails to collect, account for, and pay over income, social security, and Medicare taxes that must be withheld. This penalty may apply to you if these unpaid taxes cannot be immediately collected from the business. For more information on penalties, see Circular E.
